TIMBER TRANSIT RULES, KISTNA DISTRICT.

No 476.—Under sections 35, 36 and 64 of the Madras Forest Act (V of 1882) and in supersession of Notifications No. 268, dated 30th May 1899, published at pages 717—721 of Part I of the *Fort St. George Gazette*, dated 20th June 1899, and No. 282, dated 30th May 1900, published at page 946 of Part I of the *Fort St George Gazette*, dated 19th June 1900, His Excellency the Governor in Council is pleased to make the following rules to regulate the transit of timber in the Kistna district:—

In these rules, timber includes all classes of timber as defined in the Madras Forest Act (V of 1882) except timber not grown in India or Burma, timber cut up or fashioned otherwise than is usually or permissibly done before timber is removed from the forest in which it has been felled, timber removed under the concession granted in rule 7 of the general rules under section 26 of the Forest Act, and small wood for fuel in head-loads or less quantities.

1. *Import and export of timber from and to specified areas.*—It shall not be lawful to import timber into the area specified in schedule B from, or to export timber from the said area to, the places outside the Madras Presidency specified in schedule A (by road or river) except by the routes specified in schedule A, and unless accompanied by a permit as specified in rule 4.

2. *Transit of timber within scheduled areas.*—It shall not be lawful to move timber from, into, or within the areas specified in schedule B (outside the towns named in schedule C appended) without a permit as specified in rule 4.

3. *Import of timber into towns.*—It shall not be lawful to move timber into any of the towns specified in schedule C unless accompanied by a permit as specified in rule 4 or without reporting it for examination at one of the checking stations specified in schedule D in or adjoining the town in question.

4. *Form of permits.*—For timber from Government land, the permit shall be a printed one in Form I appended, or in such form as may be issued from time to time by the Board of Revenue; for timber from private lands expressly notified by the Collector from time to time in the District Gazette the permit shall be a printed one in Form II appended and supplied by the District Forest Officer free of charge; and for timber from all other private lands and from foreign territory (*i.e.*, places where the Madras Forest Act is not in force) the permit may be printed or written and shall also be in Form II. Such permits shall not be printed or written in any language except English, Telugu or Hindustani.

For timber imported by sea into the port of Masulipatam, the bill of lading and manifest received from the steamer or ship by the Port officer shall serve the purposes of a permit under this rule.

5. *Issue of permits.*—Permits in Form I shall be issued in triplicate. All the columns shall be filled up by a duly authorised officer who shall sign and date each part, give the original to the person authorised to move the timber, send the duplicate to the officer in charge of the forest from which the timber is brought and retain the counterfoil attached to the book. Permits in Form II (whether printed or written) shall be in duplicate. All the columns shall be filled up by the owner of the land on which the timber was felled or his authorised agent; the original shall be given to the person authorised to move the timber, and the duplicate shall be kept for at least six months from the date of issue and shall be produced for inspection at any time within that period on the application of any forest officer not below the rank of Forester.

6. *Check of permits.*—It shall be lawful for the Collector to notify from time to time by publication in the District Gazette that any place within the area in Schedule B is a checking station for the purpose of these rules. The permits shall be produced with the timber for examination at every checking station which the timber passes and also whenever demanded by any Revenue, Forest or Police officer anywhere within the area specified in Schedule B. It shall not be lawful to take any timber off or avoid any road or river on which a checking station has been placed with intention to evade the production of the timber at a checking station. The quantity of timber in transit must not be greater than that entered in the permit, and if it is less, the same permit must not be used again to cover the deficiency. It shall not be lawful to use a permit of any description after the date of expiry nor to use it more than once during the period of its currency without the permission in writing of the District Forest Officer. The destination of the timber shall be entered on the permit and shall not be altered without the permission in writing of the District Forest Officer.

The officer in charge of every checking station which the timber passes shall check the timber with the permit, and if satisfied that the timber comes from the place stated in the permit, does not exceed the quantity, is of the species and description, and bears the property-

marks (if any) shown therein, endorse on it the words "checked and passed." The endorsement shall be dated and signed by the officer and the permit returned to the person producing it to cover the timber during further transit through the protected tract. Whenever possible, the timber shall also be marked with a pass hammer. If the permit is defective, or if the timber exceeds the quantity, is not of the species or description, or does not bear the property mark entered in the permit, the officer in charge of the checking station shall detain the permit and the timber and report the case for the District Forest Officer's orders.

If the destination of the timber is within the scheduled areas, the permit shall be given up to the village checking officer at such destination before the date on which it expires. If the permit is lost, the fact must be communicated to the checking officer before such date, and the checking officer will report the fact to the District Forest Officer who will then cancel the permit.

The checking officer will ordinarily be the head of the village, but the Collector may, by notification in the District Gazette, appoint any other person to perform the duties of checking officer.

7. *Use of property marks—Registration of property marks.*—The ownership of timber imported or exported for trade purposes or moved within protected areas may be indicated by a property mark. All such property marks shall be registered at the District Forest office, provided that the District Forest Officer may refuse registration and may cancel the registration of any property mark if he considers that such property mark cannot easily be distinguished from a Government mark or from a property mark used by another person or for other good and sufficient reason which shall in every case be placed on record by the District Forest Officer and submitted for the approval of the Collector. A certificate of registration in Form III appended shall be granted by the District Forest Officer to the person registering.

8. *Date up to which the registration of property marks has effect.*—Registration and each renewal of registration shall hold good from the date thereof until the 1st April following.

9. *Penalty clause.*—Any person who moves, exports or imports timber in contravention of rule 1, 2 or 3, refuses to deliver up or produce a permit when legally demanded, or to submit timber for examination in accordance with the provisions of rule 6, or transports a greater quantity of wood than, or wood other than, that entered in the permit, or uses a time-expired permit, or uses the same permit more than once in contravention of rule 6, or being a holder of land within any area described in schedule B, refuses to give or causes to be given, a permit to cover timber grown on his land and exported from or moved within such areas, or gives or causes to be given a permit not containing the prescribed particulars or one containing incorrect particulars or not in the form prescribed, or refuses to produce the duplicate of a permit issued in accordance with rule 5 for inspection on the application of a Forest Officer not below the rank of a Forester or neglects in contravention of rule 7 to register at the District Forest office any property mark that he may have adopted, shall be liable to imprisonment for a term which may extend to one month or to fine which may amount to Rs. 200 or both.

The names of selected candidates should appear in the list in the order in which the subordinate Inspecting officers wish they should be taken, *i.e.*, they should be selected in reference to their general education attainments, their service as teachers, the need for their training and the nature of their appointment and the school from which they apply for training. Candidates who do not satisfy the condition of age limit under rule 114 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated, as far as possible, by rule 115. In the case of rejected candidates, the reasons for rejection should be mentioned against each.

6 To provide for the contingency of some of the candidates selected not joining the Training School, a few more than the sanctioned number will be selected by the Inspector of Schools from each range. All selected candidates who present themselves at the Training Schools on the opening day will be admitted; those who present themselves later will be admitted in the order in which they present themselves but only up to the number of sanctioned vacancies.

7. The list should include no one who has not been a teacher before or concerning whom there is a doubt whether he really intends to make teaching his profession.

8. In the selection of candidates for training next year, those who were awarded stipends this year but were refused admission on account of their not appearing in time might have a first claim for admission.

9. In addition to Provincial stipendiaries, candidates whose stipends are paid by Local or Municipal Boards will be admitted for training, as also private candidates as free students.

10. As regards qualification for admission, only those candidates who have passed the annual examination of the third form or seventh standard and have been found fit for promotion to the fourth form or have been awarded an elementary school-leaving certificate of the seventh standard are eligible for admission into the elementary higher class and only those who have passed the late Primary Examination or a corresponding public or school examination or whose attainments in the opinion of the Inspecting officers are not lower than these are eligible for admission into the elementary lower class. Preference should be given, as much as possible, to candidates whose educational attainments are above these minimum requirements. The certificate of general education should be sent in original with the application. The certificate of physical fitness need be produced only by the candidates chosen as stipendiaries. Separate conduct certificates need not be submitted by candidates whose applications are signed by an Inspecting officer.

11. In cases in which the number of candidates applying for training is in excess of the number for whom there is provision, the selection should be made on the result of an entrance examination conducted by the Sub-Assistant Inspector of Schools.

12. Printed forms of applications can be obtained by the correspondents of Secondary Schools from the Inspector of Schools from or after the 20th September 1910 and all others should apply to the Sub-Assistant Inspectors of Schools of their ranges.

MADRAS PORT TRUST.

REPORT ON THE AUDIT OF THE ACCOUNTS OF THE PORT TRUST, MADRAS, FOR THE YEAR ENDING 31st MARCH 1910.

FORT ST. GEORGE,
ACCOUNTANT-GENERAL'S OFFICE,
19th August 1910.

No. O.A. 16-82.

From

A. NEWMARCH, Esq.,
Offg. Accountant-General, Madras,

AND

F. L. CARVALHO, Esq.,
Chief Superintendent in charge of Outside Audits,
Auditors of the Madras Port Trust Accounts,

To

THE TRUSTEES OF THE PORT OF MADRAS.

GENTLEMEN,

We have the honour to report that the result of our audit of the Revenue and Minor accounts of the Madras Port Trust for the year 1909-1910, which was carried out concurrently, was satisfactory.

2. The statements noted on the margin attached to the Board's administration report for 1909-1910 have been signed by the Auditors, and statements showing in detail the transactions of the Deposit Account, Provident Fund, the Disabled Boatmen's Fund, the Madras Pilotage Fund Account and the Biden Sailors' Home Charity Account, are now appended.

(a) Comparative statement of Revenue receipts and charges
(b) Statement of capital, interest and debt.
(c) Balance statement of Trust's Minor accounts.

5. An account for 1909–1910 showing the receipts and disbursements with the opening and closing balances of the Trust's Capital Account and the progressive figures relating to Capital Extension since its commencement is also appended.

4. The Extension Capital balance with the Chief Engineer which stood at Rs. 1,81,615–3–3 exclusive of the debits in suspense on 1st April 1909, rose to Rs. 4,05,105–9–1 on the 31st March 1910. The unusually large increase at the close of the year under report is due to the fact that in March 1910 a sum of Rupees 3,10,000 was drawn from loan funds apparently with a view to prevent lapse of budget sanction. Moreover, the progress of work in connection with the opening of the new entrance for the traffic and the closing of the old one was retarded by the breakdown of one of the dredgers, and the block manufacturing operations were suspended for a time owing to want of space for storage.

5. Under the sanction conveyed in G.O., No. 417, Financial, dated 7th September 1903, and G.O., No. 189, Marine, dated 27th May 1909, a short term loan of Rs. 3,00,000 was received from Government during 1909–1910 and credited to Revenue account under IX.; Capital—Loans from Government. Including this amount, the total amount provided for by Revenue during 1909–1910 for contribution works was Rs. 5,80,000.

We have the honour to be,
Sir,
Your most obedient servants,

A. NEWMARCH,
Offg. Accountant-General,
F. L. CARVALHO,
Chief Superintendent in charge of Outside Audits,

30. *Exhibits on loan.*—Works of art and articles of special merit including those of antiquarian interest will be thankfully received. Gentlemen willing to lend them are requested to place themselves in communication with the Secretary or any of the members of the Committee who will inform them of the acceptance of the offer and will make necessary arrangements in connection with the exhibition of articles.

31. *Exhibits belonging to Departments of Government.*—Articles or cattle exhibited by any Department of Government will not be eligible for money prizes or medals; but may be awarded certificates of merit. Certificates of merit will also be given to such of the exhibits from private gentlemen as have not been provided for in the Prospectus, if they are considered by the judges worthy of the same. (This rule does not preclude Government servants or pupils of Industrial Schools from competing for prizes, if the exhibits are manufactured by themselves.)

32. *Admission of live-stock.*—The time of the year when the owners of cattle are fully engaged in the fields, having been found very unsuitable for a regular cattle show, it has been decided to restrict the show to the fine specimens of local (Mysore City) cattle irrespective of breeds and classes.

33. *Accommodation for cattle.*—Accommodation will be provided free of cost.

34. *Practical test.*—Working cattle may, at the owners' option, be subjected to a practical test as to their powers of draught. They must be the *bona fide* property of the exhibitor.

35 *Care-taker.*—Each animal or lot competing separately must be in charge of a care-taker who will remain in charge of the exhibit and must be ready to lead it out at any time as required by the Committee.

36. *Poultry show.*—A class has been opened in the Prospectus for poultry and prizes will be awarded for different pure strains.

37. *Poultry appliances.*—Prizes will also be awarded for incubators and other poultry appliances.

38. *Distribution of awards.*—Prizes and medals will be distributed at the close of the Exhibition. This year it is proposed to hold a distribution of prizes in the Exhibition grounds on or about the 25th October 1910.

39. *Number of Judges.*—The judges in each class or group will not be less than three, but no prizes will be awarded unless, in the opinion of the judges, the exhibits merit the reward. Judges cannot compete for prizes in classes or sections in which they are judges, and the decision of the judges is final.

40 *Photograph of articles exhibited.*—No articles exhibited may be copied, photographed, drawn or reproduced in any manner without the special permission of the exhibitor and the Committee. General photographs of stalls may, however, be taken with the permission of the Committee.

41 *Committee's decision final.*—The Committee have full power to make rules for the conduct of the Exhibition under these regulations, and their decision is final in all cases.

42. *Acceptance of rules.*—All persons who become exhibitors shall be held to signify their assent to and acceptance of the foregoing rules and regulations and also such other rules as the Committee may hereafter make not inconsistent with these regulations.

43 *Official hand-book.*—An official hand-book of all exhibits with the names and the addresses of the exhibitors and their agent or agents, if any, will be published before the opening of the Exhibition without any further cost to the exhibitors. It is expected that a large number of people will visit the Exhibition and that many of them will probably purchase the official hand-book which will be sold at a nominal price. It will be a capital opportunity for advertisers to advertise through the medium of this hand-book. Advertisements will be received for publication in the official hand-book at the following rates:—

	Rs. A. P.
Full page	30 0 0
Half page	20 0 0
Quarter page	12 0 0
	7 8 0

(Special rates will be charged for advertisements on the pages of the cover and coloured fly leaves and other special positions.)

Applications for these advertisements will be received not later than 20th September 1910 and must be accompanied by a remittance in full payment of the amount due for space applied for.

44 *Communications regarding the Exhibition.*—All communications regarding the Exhibition should be addressed to the Secretary to the Mysore Dasara Industrial and Agricultural Exhibition Committee, Mysore.

Mysore, 27th June 1910.

G. SUBBUSWAMI AIYAR,
Secretary.

NOTES ON THE LACE AND EMBROIDERY SECTION OF THE MYSORE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION

Owing partly to the fact that it is extremely difficult to translate into Indian Vernaculars English terms used for Needle-work and Embroidery, and partly because people do not readily understand the difference between an Exhibition and an ordinary shop or stall, exhibitors here not always understood what articles are required and will be rewarded, and have sent in much to former Exhibitions that, even if good in itself, was debarred from getting any prize by the fact that it was not asked for in the Prospectus.

It has therefore been thought well to publish a few explanatory notes.

The room devoted to the lace and embroidery section is necessarily limited and it is not possible in any one year to include all kinds of needle-work.

If too many specimens are received, they cannot be displayed effectively and the crowding of embroideries, etc., only results in confusion, dust, damage to the exhibits, and prevents their being satisfactorily shown.

Therefore instead of crowding the stalls with masses of needle-work, good and bad, old and new, clean and dirty, whether included in the Prospectus or not, the Sub-Committee wish the Exhibition to be confined to such specimens only as—

(1) are asked for in the Prospectus,
(2) are considered by them to be really of excellent workmanship,
(3) are new and fresh,

N.B.—Valuable specimens of old embroidery, lace or needle-work should be placed apart in "A I can exhibition."

Exhibitors would do well to note that the best materials available should be used, and that one perfect specimen of any particular work is much more likely to gain a prize than many indifferent specimens. For instance, one silk tie, perfectly knitted in good silk of a nice colour, would stand a better chance of reward than a score of ties carelessly knitted.

Moth-eaten, faded, torn or dirty work cannot be accepted.

Competitors will please note that this year cushions worked in wool-work, crewel work, chenille work, or bead work are not included in the Prospectus; and also that the bead work and miscellaneous work mentioned in Group III, 5 and 6, are only to be done at the Exhibition itself, before judges, in the working competition; and that no bead work or miscellaneous work is to be sent for Exhibition.

In judging the needle-work, its suitability for use and sale (including the possibility of its being easily cleaned or washed) will be taken into consideration, as well as beauty of design, material, colouring and workmanship.

Preference will be given to Swadeshi exhibits and particularly to those of the Mysore manufacture.

In "the working competition before judges" careful arrangements will be made to respect the gosha or "pardah nashin" and high caste ladies.

All apparatus and materials for that competition must be provided by the competitors. Work may be fixed but not begun.

G. SUBBUSWAMI AIYAR,
Secretary.
